

sealing mass DK

sealing mass DK is an elastic high performance adhesion compound that forms durable airtight joints of vapor control layers and almost every substrate.

Recommended system product: doitBau **devapp, devaioo, deflexx, deplann**

Technical Facts as stated by DIN 4102-8

Adhesion compound:	modified acrylate
Consistency:	nonshrinking and self-adhesive
Adhesive at contact:	Yes
Color:	Light blue
Working temperature:	-5 °C/+35 °C
Shelf life	12 Months

Get-up

Content:	310 ml / 360 g
Reach / cartridge:	ca. 8-10 m (for a 8 mm mastic)
Kg / cartridge:	ca. 0,4 kg
Reference number	600103

Guarantee

doitBau grants 5 years on all characteristics which are warranted in the manual. However, this guarantee is excluded,

- in case of a processing or usage which deviates from what is stated in the manual.
- in case of abnormal chemical and/or mechanical influences on the product.
- in case of multilayered lengths, if the lengths haven't got sufficient inner cohesiveness (insufficient load carrying capacity by separation of layers).
- for sauna and swimming pool construction.

Prior to using the product tackifying tests have to be conducted on site in any case. It is possible that this manual is inoperative due to recent changes in knowledge and development. The most valid manual can be found at www.doitBau.com
